Loss of bills in transit
Guarding against - instructions

It is frequently being observed that T.A. bills of gazetted officers in the S.K. Project Area, are ~~found~~ ^{reported} to be missing in the office of the P.A.O. Mangalore or being lost in transit.

2/ Recently the bill of Dr. Lalitha Chinnadorai, formerly medical officer Hebr, sent to the P.A.O. Agri memo No. 30869 Agri.

(CP. and T. 1/53. 1 2/ 28 11.53, for notification of ~~certified~~ defects, was not received back with his reply, although it

was seen from the report of the medical officer that the bill was

sent by her to the P.A.O. Agri. The required particulars ^{Particulars the} ~~Submitted~~

bill was: lost in transit. ~~But~~ ^{has not commented on this but he has} P.A.O. without stating anything about

that simply obtained a fresh bill and passed it on for countersignature.

Sometime previously it was noticed that the T.A. bills of the C.A.S.

Sub:- C.Ps. - Allowances - T.A. bill of the
Medical Officer, Hebri for September 1953.

Ref:- From the P.E.O., Mangalore, L.Dis. 2895/53
dated 23-5-1954.

PP.3-11 of the c.f. may be perused. The T.A. bill of the Medical Officer, Hebri, sent to the P.E.O. with the memo. at p.3 c.f. for rectification of defects has not been received back with his reply. As seen from the report of the Medical Officer at p.7 c.f., the bill was sent by her to the P.E.O. with the required particulars. Evidently, the bill was lost in transit. But the P.E.O. has not stated anything about this. He has simply obtained a fresh bill and passed it on for countersignature.

The claims in the bill are in order. The fact that the original bill was received within time and that it was lost in transit may be recorded in the bill and the bill passed for payment. Subject to approval, draft endorsement is put up on the office and fair copy of the bill for D.C.P.'s countersignature.

Necessary entries have been made in the bill register.

The bill may be sent to Medical Officer, Hebri who is now working as Civil Assistant Surgeon, Kolanally and she may be asked to intimate the date of encashment of the bill to the Project Executive Officer, Mangalore so as to enable him to include it in his accounts.

It is being observed that in the case of the South Kanara Area, bills of officers are found to be missing in almost all cases. Perhaps, efficiency is at stake. The P.E.O. will have to be told that he must fix the dates for receipt of diaries and bills. Then alone, such complaints will cease. Another case has been submitted to D.C.P. separately. The bill below may be countersigned.
